READY-TO-USE FLORAL DESIGNS

ED SIBBETT, JR.

Florals are among the most useful and effective motifs in the graphic artist's vocabulary. Time after time they lend just the right touch to newsletters, brochures, price tags, ads, and countless other graphic media.

Here is a handsome collection of over 300 floral illustrations (including many motifs in three sizes), specifically designed for flexible use with a minimum of bother and expense. Included are stylish versions of popular individual blossoms—roses, carnations, lilies, violets—and various kinds of gatherings, such as sprays, bouquets, and garlands. Many are incorporated into banners, ribbons, shields, or other kinds of labels meant for display type.

Printed in crisp, black images on one side only of glossy white paper, the illustrative material is immediately useable without statting. Everything included is copyright-free.

Original Dover (1980) publication. Over 300 illustrations on 32 plates. 64pp. printed on one side only. 8¼ x 11. Paperbound.

THE DOVER CLIP ART SERIES

This book is a title in the Dover Clip Art Series. The copyright-free art in these books may be cut out and used directly, without statting. The 32 sheets in each volume are more varied and attractive, easier to use, and far less expensive than any comparable sheets now being sold.

Other books available in this series:
